<b>Sub Account Number for Program Source</b>		<b>Total Amount of Sub Awards to Individuals</b>	0.00
<b>CFDA Number</b>	81.087	<b>Total Number of Payments to Vendors less than \$25,000/award</b>	0
<b>Amount of Award</b>	300000.00	<b>Total Amount of Payments to Vendors less than \$25,000/award</b>	0.00
<b>Award Date</b>	01/01/2010		
<b>Award Description</b>	<p>a. There are many barriers to small-scale solar adoption by individual customers in Seattle, where available hydro-based electric power is cheap, solar access is limited for many, and installation costs are high. Seattle proposes to overcome these barriers by launching a Community Solar project in Seattle. The Solar Market Transformation award will fully fund the first Community Solar Project construction, a 30-60 kW photovoltaic facility. Special Project Funds applied to the first Community Solar installation will be recouped through Community Solar participation: customers' purchase of 'shares' will provide ongoing revenue that a Solar Fund will use to seed future Community Solar or other city-owned solar projects. These projects will directly result in the expanded capacity of solar energy in Seattle and</p>

our residents? access to it.

Project Information	
<b>Project Name or Project/ Program Title</b>	Recovery Act: Seattle Community Solar Program
<b>Quarterly Activities/ Project Description</b>	<div><div>We have completed general design of Seattle's Community Solar program, which was established by City Council Ordinance in November 2010. We are now working with our legal team to finalize participant terms and the details of the enrollment process. The first solar array constructed as part of the program will be at Jefferson Park in Seattle's Beacon Hill neighborhood. 24 kW of PV will be installed in the form of picnic shelters, serving community solar participants with energy and serving the park-goes with shelter. We are finalizing system design specs and an MOA with Department of Parks and Recreation for the construction contracting. We plan to transfer grant funds from City Light to Parks for construction budget. The use of Seattle in-kind funds for all prep work described above leverages the greatest solar capacity from ARRA funds.</div><div><b>Activity Codes (NAICS or NTEE-NPC) (up to 10)</b><div><div>Activity Code 1</div><div>Activity Code 2</div><div>Activity Code 3</div><div>Activity Code 4</div><div>Activity Code 5</div><div>Activity Code 6</div><div>Activity Code 7</div><div>Activity Code 8</div><div>Activity Code 9</div><div>Activity Code 10</div></div></div></div>
<b>Project Status</b>	Less than 50% completed
<b>Total Federal Amount ARRA Funds Received/ Invoiced</b>	0.00
